Voiceover

With numerous clients worldwide Mel has voiced many a commercial and corporate piece for brands such as: Sappi, Panasonic, Audi, Always, HP, Scholl, Barclays and many more.

For corporate pieces she's often described as sounding sincere & professional yet approachable & reassuring.

But if Corporate's not your bag then Mel is equally at home with lively, fun and endearing for commercial & radio!

- Natural & conversational for the modern explainer
- Professional yet approachable & reassuring for Corporate Narration
- Crisp & Articulate yet friendly for e-learning
- Warm and endearing for the motherly feel if needed
- Bubbly and fun for the more lively projects to hand!

Whatever the project Mel is extremely versatile and has a proven track record of being able to turn her hand (or voice we should say!) to a wide variety of projects.
