

I make noise for a living.

I am an American doing Voice overs and singing all around the world.

My speaking voice is on TV on most continents daily. I'm on many cartoons, games, documentaries, over a 1000 TV promos, film trailers, and commercials. Voiced dozens of Promax gold awards and won a bunch of others. It has taken me decades to become an overnight sensation doing what I love to do.

I have a full production recording studio where I record and produce ads, songs, TV promos, network channel branding, and music, complete with Source connect w/ISDN bridging, and another studio while traveling.

I voice the parts of Mr. Robinson and 20 others, on the Emmy, and Multi Bafta award-winning, The Amazing World of Gumball for Cartoon network.

Speedy McAllister on Chuggington, for Disney. Diego and Duke, for Ice Age Live, Nearly 100 video games, from Cyberpunk 2077, Driver 2 to Battlefield Bad co and Horizon zero Dawn to Lego Marvel Superheroes 2.

Play by play commentator for Robot Wars (US). Narrated multiple series documentaries for Discovery and NatGeo.

And a few active NDAs, so you never know. (until I can tell you)

I also have been Singing, Giggling, recording, and/or Songwriting, with everybody from Boy George to George Clinton, The Prodigy to Thomas the Tank engine. Over 100 records, some in the charts, and years of touring.

I have also co-written and performed a comedy album called Dogland. Written several TV formats, some of which are in various stages of production.

Many ongoing Music, Animation, Video games and TV projects.
