Represented by Impressive Talent

I'm Peter B., born in London, England, with a deep, clear resonant voice for narrations or character voices. I have over 30 years of experience in voiceovers and on-air news broadcasting for UK BBC and commercial radio and TV stations. The voice of thousands of regional and network commercials; a regular voiceover for training films and corporate videos for the likes of McDonald's, Siemens, Premier Foods, TATA steel, Specsavers, National Express and many UK councils and police.

I have my own broadcast quality booth and studio with a Neumann U87 microphone and offer fast turnarounds on recording. For these recordings, I edit the files using Adobe Audition CC, optimise them and send 24 bit wav or aiff files.

Often clients direct sessions via ipDTL, Riverside, Zoom etc. and I then edit and send them mastered wav/aiff files.

As well as freelance VO work, my career has included broadcast contracts at:

Piccadilly Radio & KEY 103, Manchester – Breakfast show presenter, Head of Commercial Production, Head of Music

BBC TV NEWS, Bristol – Newsreader, features reporter.

ITV Granada – News Presenter, Features Reporter, Self-shooting Producer, Director, voice trainer to TV reporters.
